

WELCOME SPECIAL GUESTS

The Special Guest Program has been especially designed to give you some pre-college college experience. Class room attendance, a specially appointed host, and the dinner program on "An Engineer's Approach to Society's Problems" should give you a better understanding of engineering education, the engineering profession, and the challenges that engineering faces.

Since this is the centennial year at the University of Illinois, there are many interesting programs throughout the University in which you may wish to participate. When the Special Guest Program ends at noon on Friday, we hope that you will find time to visit our traditional Engineering Open House.

We hope that you will come to know us better after your visit and that you will want to visit us again.

Robert Giertz
General Chairman
Engineering Open House

SPECIAL GUEST PROGRAM

Thursday, March 7, 1968

- 9:30 a.m. - 1:00 p.m.
Housing registration at the Snyder Hall Office.
